Reunited

As seen on "20/20"! In this poignant and heartwarming narrative, renowned genealogist Pamela Slaton tells the most striking stories from her incredibly successful career of reconnecting adoptees with long-lost birth parents. After a traumatic reunion with her own birth mother, Pamela Slaton realized two things: That she wanted to help other adoptees have happier reunions with their birth families, and that she had the unique skill to do so – a strong ability to find what others could not. *Reunited* shares the riveting stories of some of Pam's most powerful cases from her long career as an investigative genealogist, and the lessons learned along the way. From the identical twins separated at birth, unknowingly part of a secret study on development, to the man who finally met his birth mother just in the nick of time, *Reunited* is a collection of these unforgettable moments, told by the woman who orchestrated and witnessed them first-hand. Both heartbreaking and inspiring, they will move anyone who knows the true life-affirming power of family.

Reunited

Will Fisher volunteers to recruit fellow alums he hasn't seen for forty-five years to attend the 2007 Alumni Reunion of the Poitiers American High School. As an American teenager coming-of-age in France in the late 1950s, Will has special memories of how joining the closely-knit military community made a life altering impact on him and his new friends. Until the reunion weekend, he didn't know how much of an impact. *Reunited, The Life and Loves of an Army Brat*, is a nostalgic, intricately plotted, multi-generational novel of how Will, through conversations on the phone and during the reunion weekend, relives his unique high school experiences in France and how he and the first two loves of his life, SueAnn and Sloane, have fared since their return to the U.S. His Army Brat background helps him bond with Gina, his future wife, and how, through a Fisher family connection, Gina discovers the details of her deceased mother's experiences during the Holocaust. At the reunion's closing brunch at Will's and Gina's home, SueAnn's glancing at a photo, triggers a long suppressed memory that leads to a stunning discovery that SueAnn, Will, and their families have to resolve.

Reunited

In the second decade of the twenty-first century, an increasing number of children from El Salvador, Honduras, and Guatemala began arriving without parents at the U.S.-Mexico border. In many cases, the parents had left for the United States years earlier to earn money that they could send back home. In *Reunited* sociologists Ernesto Castañeda and Daniel Jenks explain the reasons for Central American youths' migration, describe the journey, and document how the young migrants experience separation from and subsequent reunification with their families. In interviews with Central American youth, their sponsors, and social

services practitioners in and around Washington, D.C., Castañeda and Jenks find that Central American minors migrate on their own mainly for three reasons: gang violence, lack of educational and economic opportunity, and a longing for family reunification. The authors note that youth who feel comfortable leaving and have feelings of belonging upon arrival integrate quickly and easily while those who experience trauma in their home countries and on their way to the United States face more challenges. Castañeda and Jenks recount these young migrants' journey from Central America to the U.S. border, detailing the youths' difficulties passing through Mexico, proving to U.S. Customs and Border Protection officials that they have a legitimate fear of returning or are victims of trafficking, and staying in shelters while their sponsorship, placement, and departure are arranged. The authors also describe the tensions the youth face when they reunite with family members they may view as strangers. Despite their biological, emotional, and financial bonds to these relatives, the youth must learn how to relate to new authority figures and decide whether or how to follow their rules. The experience of migrating can have a lasting effect on the mental health of young migrants, Castañeda and Jenks note. Although the authors find that Central American youths' mental health improves after migrating to the United States, the young migrants remain at risk of further problems. They are likely to have lived through traumatizing experiences that inhibit their integration. Difficulty integrating, in turn, creates new stressors that exacerbate PTSD, depression, and anxiety. Consequently, schools and social service organizations are critical, the authors argue, for enhancing youth migrants' sense of belonging and their integration into their new communities. Bilingual programs, Spanish-speaking PTA groups, message boards, mentoring of immigrant children, and after-school programs for members of reunited families are all integral in supporting immigrant youth as they learn English, finish high school, apply to college, and find jobs. Offering a complex exploration of youth migration and family reunification, *Reunited* provides a moving account of how young Central American migrants make the journey north and ultimately reintegrate with their families in the United States.

Reunited

Captain Frederick Wentworth has learnt to his cost that he loves Anne Elliot and always has: though it took the threat of losing her to illness and then to another suitor for him to realise the truth of his feelings. When he is invited, with his brother Edward, to spend Christmas in Somerset with his sister, he is delighted to find Anne will be spending the season with her own sister, in nearby Uppercross, rather than at Bath as he had assumed. Anne is eager to learn whether the affection Frederick once had for her remains, as she has dared to hope it might. Free of the threat of other attachments, they might admit their true feelings and embark on a future together, if only the busy Christmas season and interfering friends and family will allow them to! *Reunited* is the final book in the three part *Love Remains* novella series, a variation on Jane Austen's *Persuasion*.

Estranged But Reunited

"Estranged But Reunited" explores the painful yet potentially transformative experience of family estrangement and reconciliation. It examines how communication patterns, unresolved conflicts, and individual growth influence the fracturing and mending of family bonds. The book highlights that shifting social expectations and diverse personal values can contribute to rifts, emphasizing individual accountability and empathetic communication as pathways to healing. Did you know that the book draws on attachment theory, conflict resolution, and relational loss to provide a comprehensive backdrop? It emphasizes the critical but sometimes difficult process of addressing underlying issues to rebuild damaged relationships. The book progresses systematically, starting with the definition and causes of estrangement, then moves to the psychological impact on individuals, exploring grief, guilt, and shame from various perspectives. It investigates conditions that may facilitate reconciliation, such as acknowledging past hurts and expressing remorse. Practical strategies for navigating reconciliation, like setting realistic expectations and managing boundaries, are also provided. Through case studies, research, and personal anecdotes, "Estranged But Reunited" offers insights and hope, acknowledging that reconciliation isn't always possible but providing guidance for those who seek it.

Heirs of the Reunited Church

The work establishes the relative and absolute chronology of Paul's life. It demonstrates that Paul went to Jerusalem only two times after his conversion. The second visit, which was planned in Rom and described retrospectively in Gal, ended up with the Antiochene conflict. The following Eucharistic schism within early Christianity has lasted for at least a century after Paul's death in AD 49. The so-called Pastoral Letters, which are in fact ethopoeic, confirm this state of matters. The history of the Pauline mission, as it was described in the Acts of the Apostles, is a result of sixfold hypertextual reworking of Gal 1:17-2:14; Rom 15:25-32 with the use of other Pauline and post-Pauline texts. Luke irenically described the history of early Christianity as a history of the reunited Church.
