## (Un)Qualified

Who you think you are is not as important as who God says you are... Many of us wrestle with the gap between our weaknesses and our dreams, between who we are and who God says we are meant to be. We feel unqualified to do God's work or to live out the calling we imagine. But God has a way of using our weaknesses for good. In fact, God loves unqualified people. In *(Un)Qualified*, Pastor Steven Furtick helps you peel back the assumptions you've made about yourself and see yourself as God sees you. Because true peace and confidence come not from worldly perfection but from acceptance: God's acceptance of you, your acceptance of yourself, and your acceptance of God's process of change. This is a book about understanding your identity in light of who God is. It's a book about coming to terms with the good, the bad, and the unmentionable in your life and learning to let God use you. It's about charging into the gap between your present and your hopes and meeting God there. After all, God can't bless who you pretend to be. But he longs to bless who you really are; a flawed and broken person. Good thing for us that God is in the business of using broken people to do big things. Being unqualified is God's favorite qualification... Our culture tells us that the answer to our failures is to fix them. The solution to our weaknesses is to hide them. The secret to our success is to appear as flawless as possible. But God's qualifying system is different than the world's. So is his view of our weaknesses, our purpose, and our true selves. In *(Un)Qualified*, Steven Furtick explores who God is as the great “I AM,” and then helps us discover our own identity. Delving into the story of Jacob, Furtick invites us to acknowledge our weaknesses and ask God to work through them. The truth is, God has created us to be more, to accomplish more, and to love life more than we ever thought possible. But to become who he has called us to be, we must embrace who we are right now. *(Un)Qualified* equips us to face obstacles and failures without losing a sense of purpose. We can have a thriving sense of hope that God is working in us and through us, not in spite of our weaknesses but often as a direct result of them.

## **Semiannual Report to the Congress**

The legendary actor and comedian shows how to set a great table, shares ideas for unforgettable celebrations, and says, \"It's about fun, not perfection!\" In her own words... \"It's Whoopi here and I've written this book

that, frankly, is the last book anyone would expect. You would never think of me as someone with the courage to say, 'You have everything you need to be fantastic in your own house, apartment, or trailer to set a great table.' Let's face it, you look at a lot of books on Entertaining and think 'I could never do this in my house, I don't have this stuff and it's not going to look like what I'm seeing.' That's not what's going to happen here! I want to show you there is great heart in setting the table. For two or four or the kids or Halloween or tea just for you. For dinners with friends or the holidays. I'm going to tell you stories about what I do when people come over and give you ideas about what you're seeing because Honey, everything in this book is what you can do in your house. You got a bodega or a 7-Eleven near you? They sell flowers. Take those bad boys and put them on your table. You got some crazy old plate from your grandmother (or a fancy silver one)? You got little kids' toys that have been annoying you forever, put them on the table too. Who's going to tell you it's wrong? Not me! I'm going to tell you it's right and I'm going to take you on a journey. And don't forget the bathroom; decorate it too, people are going to see it. It's all at your house. Come with me. I'll show you! P.S. I know the glass on the cover is broken. Accidents happen!\\"

## **Semiannual Report of the Inspector General**

Countries in Sub-Saharan Africa (SSA) are trying to make their proposed goal of universal primary education a reality. Given the budgetary constraints it is natural to seek to increase efficiency and to reduce the cost of inputs. Teachers' salaries account for over 90 percent of the primary school recurrent budget. Therefore, the analysis of teachers' salaries is crucial to forecasting primary school expenditures and developing policies to rationalize teachers' cost. Until now a comparative study of teachers' salaries for SSA did not exist. The present study remedies this situation. The study analyzes factors affecting teachers' salaries in general, and describes categories of teachers, salary structures, and pay supplements in SSA countries. With the use of a computer forecasting model this study provides forecasts of teacher cost for the next 2 decades for 20 SSA countries under varying hypotheses, and suggests steps to facilitate planning of teacher salaries in SSA.
