

Who Was Ronald Reagan

The Education of Ronald Reagan

In October 1964, Ronald Reagan gave a televised speech in support of Republican presidential nominee Barry Goldwater. \"The Speech,\" as it has come to be known, helped launch Ronald Reagan as a leading force in the American conservative movement. However, less than twenty years earlier, Reagan was a prominent Hollywood liberal, the president of the Screen Actors Guild, and a fervent supporter of FDR and Harry Truman. While many agree that Reagan's anticommunism grew out of his experiences with the Hollywood communists of the late 1940s, the origins of his conservative ideology have remained obscure. Based on a newly discovered collection of private papers as well as interviews and corporate documents, *The Education of Ronald Reagan* offers new insights into Reagan's ideological development and his political ascendancy. Thomas W. Evans links the eight years (1954-1962) in which Reagan worked for General Electric—acting as host of its television program, GE Theater, and traveling the country as the company's public-relations envoy—to his conversion to conservatism. In particular, Evans reveals the profound influence of GE executive Lemuel Boulware, who would become Reagan's political and ideological mentor. Boulware, known for his tough stance against union officials and his innovative corporate strategies to win over workers, championed the core tenets of modern American conservatism—free-market fundamentalism, anticommunism, lower taxes, and limited government. Building on the ideas and influence of Boulware, Reagan would soon begin his rise as a national political figure and an icon of the American conservative movement.

Who Was Ronald Reagan?

From his childhood in rural Illinois to moviemaking days in Hollywood and on to a career in politics that took him all the way to the Oval Office, Ronald Reagan kept an abiding faith in America and in what our country stood for. The oldest president ever, he survived a near-fatal assassination attempt and lived to be 93. *Who Was Ronald Reagan?* covers his life and times in a balanced, entertaining way for children. More than 100 black-and-white illustrations fill out the portrait of our fortieth president.

An American Life

Ronald Reagan's autobiography is a work of major historical importance. Here, in his own words, is the story of his life—public and private—told in a book both frank and compellingly readable. Few presidents have accomplished more, or been so effective in changing the direction of government in ways that are both fundamental and lasting, than Ronald Reagan. Certainly no president has more dramatically raised the American spirit, or done so much to restore national strength and self-confidence. Here, then, is a truly American success story—a great and inspiring one. From modest beginnings as the son of a shoe salesman in Tampico, Illinois, Ronald Reagan achieved first a distinguished career in Hollywood and then, as governor of California and as president of the most powerful nation in the world, a career of public service unique in our history. Ronald Reagan's account of that rise is told here with all the uncompromising candor, modesty, and wit that made him perhaps the most able communicator ever to occupy the White House, and also with the sense of drama of a gifted natural storyteller. He tells us, with warmth and pride, of his early years and of the elements that made him, in later life, a leader of such stubborn integrity, courage, and clear-minded optimism. Reading the account of this childhood, we understand how his parents, struggling to make ends meet despite family problems and the rigors of the Depression, shaped his belief in the virtues of American life—the need to help others, the desire to get ahead and to get things done, the deep trust in the basic goodness, values, and sense of justice of the American people—virtues that few presidents have expressed

more eloquently than Ronald Reagan. With absolute authority and a keen eye for the details and the anecdotes that humanize history, Ronald Reagan takes the reader behind the scenes of his extraordinary career, from his first political experiences as president of the Screen Actors Guild (including his first meeting with a beautiful young actress who was later to become Nancy Reagan) to such high points of his presidency as the November 1985 Geneva meeting with Mikhail Gorbachev, during which Reagan invited the Soviet leader outside for a breath of fresh air and then took him off for a walk and a man-to-man chat, without aides, that set the course for arms reduction and charted the end of the Cold War. Here he reveals what went on behind his decision to enter politics and run for the governorship of California, the speech nominating Barry Goldwater that first made Reagan a national political figure, his race for the presidency, his relations with the members of his own cabinet, and his frustrations with Congress. He gives us the details of the great themes and dramatic crises of his eight years in office, from Lebanon to Grenada, from the struggle to achieve arms control to tax reform, from Iran-Contra to the visits abroad that did so much to reestablish the United States in the eyes of the world as a friendly and peaceful power. His narrative is full of insights, from the unseen dangers of Gorbachev's first visit to the United States to Reagan's own personal correspondence with major foreign leaders, as well as his innermost feelings about life in the White House, the assassination attempt, his family—and the enduring love between himself and Mrs. Reagan. *An American Life* is a warm, richly detailed, and deeply human book, a brilliant self-portrait, a significant work of history.

Ronald Reagan

Explores Reagan's political career, from his role in the California tax revolt to the economic success the United States experienced during his term in office.

Ronald Reagan

The conservative icon who reshaped American politics and laid the groundwork for the end of the Cold War. In the second half of the twentieth century, no American president defined his political era as did Ronald Reagan. He ushered in an age that extolled smaller government, tax cuts, and strong defense, and to this day politicians of both political parties operate within the parameters of the world he made. His eight years in office from 1981 to 1989 were a time of economic crisis and recovery, a new American assertiveness abroad, and an engagement with the Soviet Union that began in conflict but moved in surprising new directions. Jacob Weisberg provides a bracing portrait of America's fortieth president and the ideas that animated his political career, offering a fresh psychological interpretation and showing that there was more to Reagan than the usual stereotypes. Reagan, he observes, was a staunch conservative but was also unafraid to compromise and cut deals where necessary. And Reagan espoused a firm belief, just as firm as his belief in small government and strong defense, that nuclear weapons were immoral and ought to be eliminated. Weisberg argues that these facets of Reagan were too often ignored in his time but reveal why his presidency turned out to be so consequential. In the years since Reagan left office, he has been cast in marble by the Republican Party and dismissed by the Democrats. Weisberg shows why we need to move past these responses if we wish truly to appreciate his accomplishments and his legacy.

Governor Reagan

Written by the definitive biographer of Ronald Reagan, this new biography is a classic study of an individual's evolution from a conservative hero to a national figure whose call for renewal stirred Republicans, Democrats, and independents alike.

Reagan

From New York Times bestselling biographer Bob Spitz, a full and rich biography of an epic American life, capturing what made Ronald Reagan both so beloved and so transformational. More than five years in the making, based on hundreds of interviews and access to previously unavailable documents, and infused with

irresistible storytelling charm, Bob Spitz's REAGAN stands fair to be the first truly post-partisan biography of our 40th President, and thus a balm for our own bitterly divided times. It is the quintessential American triumph, brought to life with cinematic vividness: a young man is born into poverty and raised in a series of flyspeck towns in the Midwest by a pious mother and a reckless, alcoholic, largely absent father. Severely near-sighted, the boy lives in his own world, a world of the popular books of the day, and finds his first brush with popularity, even fame, as a young lifeguard. Thanks to his first great love, he imagines a way out, and makes the extraordinary leap to go to college, a modest school by national standards, but an audacious presumption in the context of his family's station. From there, the path is only very dimly lit, but it leads him, thanks to his great charm and greater luck, to a solid career as a radio sportscaster, and then, astonishingly, fatefully, to Hollywood. And the rest, as they say, is history. Bob Spitz's REAGAN is an absorbing, richly detailed, even revelatory chronicle of the full arc of Ronald Reagan's epic life - giving full weight to the Hollywood years, his transition to politics and rocky but ultimately successful run as California governor, and ultimately, of course, his iconic presidency, filled with storm and stress but climaxing with his peace talks with the Soviet Union that would serve as his greatest legacy. It is filled with fresh assessments and shrewd judgments, and doesn't flinch from a full reckoning with the man's strengths and limitations. This is no hagiography: Reagan was never a brilliant student, of anything, and his disinterest in hard-nosed political scheming, while admirable, meant that this side of things was left to the other people in his orbit, not least his wife Nancy; sometimes this delegation could lead to chaos, and worse. But what emerges as a powerful signal through all the noise is an honest inherent sweetness, a gentleness of nature and willingness to see the good in people and in this country, that proved to be a tonic for America in his time, and still is in ours. It was famously said that FDR had a first-rate disposition and a second-rate intellect. Perhaps it is no accident that only FDR had as high a public approval rating leaving office as Reagan did, or that in the years since Reagan has been closing in on FDR on rankings of Presidential greatness. Written with love and irony, which in a great biography is arguably the same thing, Bob Spitz's masterpiece will give no comfort to partisans at either extreme; for the rest of us, it is cause for celebration.

Ronald Reagan

A first-hand account of Reagan's presidency by a former White House counsel describes the president's commitment to key principles and noting his success in such areas as the economy, arms reduction, and the Iran-Contra affair.

Reagan

From the two-time Pulitzer Prize finalist, bestselling historian, and author of *Our First Civil War*—and “the rare academic historian who can write like a bestselling novelist” (USA Today)—comes an irresistible portrait of an underestimated politician whose pragmatic leadership and steadfast vision transformed the nation. In his magisterial new biography, H. W. Brands brilliantly establishes Ronald Reagan as one of the two great presidents of the twentieth century, a true peer to Franklin Roosevelt. Reagan conveys with sweep and vigor how the confident force of Reagan’s personality and the unwavering nature of his beliefs enabled him to engineer a conservative revolution in American politics and play a crucial role in ending communism in the Soviet Union. Reagan shut down the age of liberalism, Brands shows, and ushered in the age of Reagan, whose defining principles are still powerfully felt today. Employing archival sources not available to previous biographers and drawing on dozens of interviews with surviving members of Reagan’s administration, Brands has crafted a richly detailed and fascinating narrative of the presidential years. He offers new insights into Reagan’s remote management style and fractious West Wing staff, his deft handling of public sentiment to transform the tax code, and his deeply misunderstood relationship with Soviet leader Mikhail Gorbachev, on which nothing less than the fate of the world turned.

Morning in America

Did America's fortieth president lead a conservative counterrevolution that left liberalism gasping for air?

The answer, for both his admirers and his detractors, is often \"yes.\" In *Morning in America*, Gil Troy argues that the Great Communicator was also the Great Conciliator. His pioneering and lively reassessment of Ronald Reagan's legacy takes us through the 1980s in ten year-by-year chapters, integrating the story of the Reagan presidency with stories of the decade's cultural icons and watershed moments--from personalities to popular television shows. One such watershed moment was the 1984 Los Angeles Olympics. With the trauma of Vietnam fading, the triumph of America's 1983 invasion of tiny Grenada still fresh, and a reviving economy, Americans geared up for a festival of international harmony that--spurred on by an entertainment-focused news media, corporate sponsors, and the President himself--became a celebration of the good old U.S.A. At the Games' opening, Reagan presided over a thousand-voice choir, a 750-member marching band, and a 90,000-strong teary-eyed audience singing \"America the Beautiful!\" while waving thousands of flags. Reagan emerges more as happy warrior than angry ideologue, as a big-picture man better at setting America's mood than implementing his program. With a vigorous Democratic opposition, Reagan's own affability, and other limiting factors, the eighties were less counterrevolutionary than many believe. Many sixties' innovations went mainstream, from civil rights to feminism. Reagan fostered a political culture centered on individualism and consumption--finding common ground between the right and the left. Written with verve, *Morning in America* is both a major new look at one of America's most influential modern-day presidents and the definitive story of a decade that continues to shape our times.

A Companion to Ronald Reagan

A Companion to Ronald Reagan evaluates in unprecedented detail the events, policies, politics, and people of Reagan's administration. It assesses the scope and influence of his various careers within the context of the times, providing wide-ranging coverage of his administration, and his legacy. Assesses Reagan and his impact on the development of the United States based on new documentary evidence and engagement with the most recent secondary literature Offers a mix of historiographic chapters devoted to foreign and domestic policy, with topics integrated thematically and chronologically Includes a section on key figures associated politically and personally with Reagan

Ronald Reagan

Few American politicians have enjoyed greater popularity than Ronald Reagan. Humor, charm, good looks, an intuitive feel for national concerns, and an extraordinary ability to speak persuasively to millions of people were major assets. But his fundamental appeal went deeper: a blend of Catholic and Protestant, small-town boy and famous entertainer, Horatio Alger and P. T. Barnum, traditional moralist and media celebrity, Reagan spoke for old values in current accents. Robert Dallek presents a sharply drawn, richly detailed portrait of the man and his politics--from his childhood years through the California governorship to the first years of the presidency. It is an essential guide for all observers of the presidential election of 2000, and a starting point for anyone wanting to discover what the Reagan experience really meant.

The Wit & Wisdom of Ronald Reagan

Ronald Reagan is more than a revered and popular president--he is a hero to millions, beloved as a persuasive leader who inspired America and shaped the future more than any other modern president. Reagan's everyman insight--stemming from his unique background as actor, sports broadcaster, and labor leader--make him America's most quotable president. In *The Wit & Wisdom of Ronald Reagan*, author James C. Humes brings together the best observations and opinions of the \"Great Communicator.\" Spanning one-liners, anecdotes, zingers, and little-known stories, this collection also includes commentary about Reagan from friends and foes as well as analysis of his great speeches. *The Wit & Wisdom of Ronald Reagan* is an exceptional tribute to America's adored fortieth president.

Ronald Reagan The Movie

"Fresh, provocative, and full of vitality, this is a first-rate contribution to the study of political culture. It should be read not only by political scientists, political theorists, and sociologists, but also by students of American studies and literature."—Sheldon Wolin, Princeton University

Ronald Reagan

Text and plentiful photos chronicle the life story of Ronald Reagan, including his youth, his years as an actor, his marriage to Nancy, and his experiences as governor and president.

Becoming Ronald Reagan

In the 1960s transitioning from acting to politics was rare. Ronald Reagan was not the first to do it, but he was the first to jump from the screen to the stump and on to credibility as a presidential contender. Reagan's transformation from struggling liberal actor to influential conservative spokesman in five years--and then to the California governorship six years later--is a remarkable and compelling story. In *Becoming Ronald Reagan* Robert Mann explores Reagan's early life and his career during the 1950s and early 1960s: his growing desire for acclaim in high school and college, his political awakening as a young Hollywood actor, his ideological evolution in the 1950s as he traveled the country for General Electric, the refining of his political skills during this period, his growing aversion to big government, and his disdain for the totalitarian leaders in the Soviet Union and elsewhere. All these experiences and more shaped Reagan's politics and influenced his career as an elected official. Mann not only demonstrates how Reagan the actor became Reagan the political leader and how the liberal became a conservative, he also shows how the skills Reagan learned and the lessons he absorbed from 1954 to 1964 made him the inspiring leader so many Americans remember and revere to this day. *Becoming Ronald Reagan* is an indelible portrait of a true American icon and a politician like none other.

American Heritage Illustrated History of the Presidents

Every day our lives are affected by what the American president does. But there are some things we cannot know about presidents until many years after they leave office -- what really went on behind the scenes and how great their leadership was. That is the mission of this book. American Heritage is known and trusted for its standard-bearing single-volume histories. Its various editions on the American Civil War and World War II, edited by such distinguished scholars as James McPherson and Stephen Ambrose, are recognized as classics and have together sold more than a million copies. The American Heritage(R) Illustrated History of the Presidents is newly available in a richly illustrated and completely revised edition, with the preeminent presidential historian Michael Beschloss as general editor. This new book offers fresh and penetrating portraits of all forty-two presidencies, as rendered by some of America's most distinguished scholars. From George Washington's reluctant oath-taking through Bill Clinton's turbulent leadership, we view forty-one ambitious and fallible men through the new lens of the twenty-first century. Where did they succeed? Where did they fail? What do we know now that we could not have known at the time? The American Heritage(R) Illustrated History of the Presidents offers a biographical profile of each man and a full account of the issues and events that shaped each presidency, with pathbreaking new verdicts on the modern presidents -- Nixon, Ford, Carter, Reagan, Bush, and Clinton. In the tradition of other American Heritage volumes, the book will serve as an indispensable reference guide for many years to come, for both seasoned observers and students just learning about the presidency. American Heritage is a trademark of American Heritage Inc. Its use is pursuant to a license agreement.

Speaking My Mind

The most important speeches of America's "Great Communicator": Here, in his own words, is the record of Ronald Reagan's remarkable political career and historic eight-year presidency.

Where's the Rest of Me?

It is an image etched in the minds of a generation: Ronald Reagan perched atop his horse, riding through the dusty trails and canyons of his California ranch with his beloved wife, Nancy, at his side. But what most of us did not see was the man who always rode just a few steps away. John Barletta was a Vietnam veteran and Secret Service agent who spent over a decade with the Reagans, poised to give his own life at any moment to save the 40th president of the United States. His superior riding skills made Barletta the perfect choice to protect Reagan during his frequent visits to the ranch. Over time, he got to know Reagan as few others did. But what did these two men talk about during their long solitary hours on horseback--and how did they become the unlikeliest of friends and confidants? In *Riding With Reagan*, John Barletta shares his one-of-a-kind memories of the President, painting a picture of a relaxed Reagan at his very best. Through his eyes, we see a rugged man who thrived outdoors, deeply loved his wife and children, and was a prankster at heart. Barletta recalls watching Reagan take pleasure in clearing the brush from the grounds, spending quiet time with Nancy, and entertaining world figures like Mikhail Gorbachev and Queen Elizabeth, both of whom were surprised by the spare simplicity of the Reagan ranch. Barletta also recalls the sad times: watching a once-robust Reagan fade into the dark shadows of Alzheimer's disease, and the painful moment when he had to tell the former president that his days of horseback riding had come to an end. Poignant and candid, *Riding With Reagan* is an intimate portrait of the man who remains one of the most popular presidents in our nation's history. A stirring ode to friendship, brotherhood, and the great outdoors, it celebrates a true hero whose life and spirit are the embodiment of what it means to be an American.

Riding with Reagan

These powerful passages from Ronald Reagan's best post-presidential speeches are interwoven with tributes from luminaries from around the world--and comprise an extraordinary keepsake volume that celebrates our most beloved contemporary American political figure. 45 color photos.

A Shining City

"Peggy Grande's memoir is the book to read on Ronald Reagan's post-presidential years . . . Among the most unique and touching [books] ever done on the man . . . Wonderful.\" -- *The American Spectator*

In *The President Will See You Now*, devoted Reagan insider Peggy Grande shares behind-the-scenes stories, intimate moments, and insights into one of America's most beloved presidents. Grande, who started in the Office of Ronald Reagan as a college student and earned her way into a coveted role as the president's Executive Assistant, offers an unparalleled perspective on the post-presidency of a political icon. Grande's stories and never-before-seen photos show a unique, private side to a public figure and leader who reshaped conservatism, ushered in an era of prosperity, and helped spur the end of the Cold War. Grande reveals what day-to-day life was like in Reagan's California office, including the former president's relationship with the First Lady and his interactions with friends, world leaders, and everyday Americans. Grande recalls how Reagan kept a vigorous schedule for years after he left the White House, his robust engagement with others, and ongoing political advocacy. Despite his eventual Alzheimer's diagnosis, Grande shows how Ronald Reagan remained true to core beliefs, his gentlemanly kindness, and his undying hope for his country. Today the Reagan legacy looms over American politics more than ever. Grande reminds readers why: When Ronald Reagan was president, we not only loved ourselves but also loved America, and the American values he represented: faith, optimism, and patriotism.

The President Will See You Now

A NEW YORK TIMES NOTABLE BOOK OF 2020 From the bestselling author of *Nixonland* and *The Invisible Bridge* comes the dramatic conclusion of how conservatism took control of American political power. Over two decades, Rick Perlstein has published three definitive works about the emerging dominance of conservatism in modern American politics. With the saga's final installment, he has delivered yet another

stunning literary and historical achievement. In late 1976, Ronald Reagan was dismissed as a man without a political future: defeated in his nomination bid against a sitting president of his own party, blamed for President Gerald Ford's defeat, too old to make another run. His comeback was fueled by an extraordinary confluence: fundamentalist preachers and former segregationists reinventing themselves as militant crusaders against gay rights and feminism; business executives uniting against regulation in an era of economic decline; a cadre of secretive "New Right" organizers deploying state-of-the-art technology, bending political norms to the breaking point—and Reagan's own unbending optimism, his ability to convey unshakable confidence in America as the world's "shining city on a hill." Meanwhile, a civil war broke out in the Democratic party. When President Jimmy Carter called Americans to a new ethic of austerity, Senator Ted Kennedy reacted with horror, challenging him for reelection. Carter's Oval Office tenure was further imperiled by the Iranian hostage crisis, the Soviet invasion of Afghanistan, near-catastrophe at a Pennsylvania nuclear plant, aviation accidents, serial killers on the loose, and endless gas lines. Backed by a reenergized conservative Republican base, Reagan ran on the campaign slogan "Make America Great Again"—and prevailed. *Reaganland* is the story of how that happened, tracing conservatives' cutthroat strategies to gain power and explaining why they endure four decades later.

Reaganland

Explores the relationship between the motion picture industry and American politics.

Ronald Reagan in Hollywood

The former special advisor and press secretary to President Ronald Reagan shares a "sentimental but often revealing...enjoyable walk down Memory Lane" (Kirkus Reviews)—told through the movies he watched with the Reagans every week at Camp David. Over the course of eight years, Mark Weinberg travelled to Camp David with Ronald and Nancy Reagan as they screened movies on Friday and Saturday nights. They watched movies in times of triumph, such as the aftermath of Reagan's 1984 landslide, and after moments of tragedy, such as the explosion of the Challenger and the shooting of the President and Press Secretary Jim Brady. Weinberg's unparalleled access offers a rare glimpse of the Reagans—unscripted, relaxed, unburdened by the world, with no cameras in sight. Each chapter discusses a legendary film, what the Reagans thought of it, and provides warm anecdotes and untold stories about his family and the administration. From Reagan's pranks on the Secret Service to his thoughts on the parallels between Hollywood and Washington, Weinberg paints a full picture of the president *The New Yorker* once famously dubbed "The Unknowable." A "meander through a simpler time capturing a different time and a different president" (USA TODAY), *Movie Nights with the Reagans* is a nostalgic journey through the 1980s and its most iconic films, seen through the eyes of one of Hollywood's former stars: one who was simultaneously transforming the Republican Party, the American economy, and the course of the Cold War. "For those equally enthused about movies and the fortieth president, this book will serve as a welcome change from today's political climate" (Publishers Weekly).

Movie Nights with the Reagans

Transcending the conventional bounds of biography, Edmund Morris brings Ronald Reagan, the statesman, to life, revealing him to be a complex, highly imaginative personality. Photos.

Dutch

Ronald Reagan

The former president tells of his life and political experiences.

Ronald Reagan

A collection of Ronald Reagan's private thoughts, jokes, and favorite quotations from the #1 New York Times–bestselling editor of *The Reagan Diaries*. Ronald Reagan left behind a legacy that America will never forget. Now, in this one-of-a-kind collection of his most intimate thoughts, his favorite quotations by others, and his own most collectible jokes, all culled from a newly disclosed set of personal notecards he kept throughout his life and career, admirers of the fortieth president will find a unique window of insight into the soul of an American icon. Edited by Douglas Brinkley, editor of the #1 New York Times bestseller *The Reagan Diaries*, this indispensable Reagan retrospective is perfect for anyone looking to find inspiration in the thoughts and musings of a great American leader. Praise for *The Reagan Diaries* \ "A portrait of a president who was engaged by his job and had a healthy perspective on power.\ " —Jon Meacham, *Newsweek* \ "Reagan the diarist is at home with himself, unself-consciously comfortable. . . . Two things run through the diaries like a thread: One is a kind of gee-whiz everyman's delight in finding himself in such interesting and enjoyable circumstances; the other is his love for and reliance on Nancy.\ " —Tim Rutten, *Los Angeles Times* \ "It's amazing what nuggets of information you can unearth deep within a book as jam-packed as *The Reagan Diaries*.\ " —Walter Pincus, *The Washington Post*

The Camp of the Saints

Presents the life and career of Ronald Reagan, the fortieth president of the United States who served two terms, discusses the decisions made during his presidency and the reasons behind them.

An American Life

A behind-the-scenes look at this remarkable couple, follows them through their struggling movie careers, Ronald's stint as governor of California, the couple's eight years in the White House, an assassination attempt on his life, the announcement of Ronald's Alzheimer's disease, and his death in 2004 at the age of ninety-three.

The Notes

No matter what else was going on in his life or where he was—traveling to make movies, at the White House, or sometimes just across the room—Ronald Reagan wrote letters to Nancy Reagan, to express his love, thoughts, and feelings, and to stay in touch. Through these extraordinary letters and reflections, the private character and life of an American president and his first lady are revealed. Nancy Reagan reflects with love and insight on the letters, on her husband, and on the many phases of their life together. A love story spanning half a century and the private life of this classic American couple come vividly alive in this rare and inspiring book.

Ronald Reagan

This is a revealing portrait of great character, a book that reveals the 40th president to be an exemplar of the truest conservative values--and one of the America's greatest presidents. 13 photographs.

Ronald and Nancy Reagan

Ronald Reagan, one of America's most beloved presidents, is now gone. But his voice lives on in this stirring and very personal collection of letters written during his presidency to his fellow Americans, showing us a new and surprisingly intimate side of our fortieth president. During even the busiest times in his presidency, Ronald Reagan took time out to respond to dozens of letters each week from the many friends and private citizens who wrote to him about their concerns. These letters, collected in the president's "Handwriting File," have never been examined by historians. Now Ralph E. Weber and his son, Ralph A. Weber, have culled the best of this collection, arranged chronologically to track the course of political events during the eight years of his presidency. A fascinating glimpse at the issues facing the United States during the 1980s, *Letters from the Desk of Ronald Reagan* traces history in the making.

I Love You, Ronnie

Traces the childhood, education, employment, political career, and presidency of Ronald Reagan.

Ronald Reagan

With a foreword from Senator Marco Rubio, a stirring collection of Ronald Reagan's most inspiring speeches, offering his timeless wisdom and guidance for our day. In his 1989 farewell address, Ronald Reagan said, "I wasn't a great communicator, but I communicated great things, and they didn't spring full bloom from my brow, they came from the heart of a great nation--from our experience, our wisdom, and our belief in principles that have guided us for two centuries." *The Heart of a Great Nation* brings together Reagan's most powerful speeches, as relevant to our chaotic world as they were when he first gave them. In a period of our country's history consumed by economic stagnation, national instability, and the looming threat of communism, Reagan spoke directly to the hearts of everyday Americans. His wisdom on matters of family, freedom, and nationhood helped guide the country back to its founding principles and ushered in an era of prosperity and national pride. Today, as we find our country treading similar ground, Reagan's wisdom speaks to us once again, offering guidance to everyone looking to navigate the present and remember the legacy of this great nation--which can one day be reclaimed.
