Nearly a century after Harry Houdini died on Halloween in 1926, he feels as modern and alive as ever. The name Houdini still leaps to mind whenever we witness a daring escape. The baby who frees herself from her crib? Houdini. The dog who vanishes and reappears in the neighbor's garden? Houdini. Every generation produces new disciples of the magician, from household names in magic like David Copperfield and David Blaine to countless other followers whose lives have been transformed by the power of Houdini. In Australia, an eight-year-old boy with a learning impediment feels worthless until he sees an old poster of Houdini advertising “Nothing on earth can hold Houdini prisoner,” and begins his path to becoming that nation's most popular magician. In California, an actor and Vietnam War veteran finds purpose in his life by uncovering the secrets of his hero. But the unique phenomenon of Houdini was always more than his death-defying stunts or his ability to escape handcuffs and straitjackets. It is also about the power of imagination and self-invention. His incredible transformation from Ehrich Weiss, humble Hungarian immigrant and rabbi's son, into the self-named Harry Houdini has won him a slice of immortality. No one has withstood the test of time quite like Houdini. Fueled by Posnanski's personal obsession with the magician—and magic itself—*The Life and Afterlife of Harry Houdini* is a poignant odyssey of discovery, blending biography, memoir, and first-person reporting to trace Houdini's metamorphosis into an iconic figure who has inspired millions.

From the prizewinning Jewish Lives series, an exuberant biography of the world’s greatest escape artist In 1916, the war in Europe having prevented a tour abroad, Harry Houdini wrote a film treatment for a rollicking motion picture. Though the movie was never made, its title, “The Marvelous Adventures of Houdini: The Justly Celebrated Elusive American,” provides a succinct summary of the Master Mystifier’s life. Born Erik Weisz in Budapest in 1874, Houdini grew up an impoverished Jewish immigrant in the Midwest and became world-famous thanks to talent, industry, and ferocious determination. He concealed as a matter of temperament and professional ethics the secrets of his sensational success. Nobody knows how Houdini performed some of his dazzling, death-defying tricks, and nobody knows, finally, why he felt compelled to punish and imprison himself over and over again. A Magician Among the Spirits

Harry Houdini's expose of the fraudulent spiritualist, spirit photography, spirit slate writing, ectoplasm, clairvoyance, and other quakery and cons perpetrated on desperate believers. Specific spiritualists covered in the book include Dr. Slade, the Davenport Brothers, Anne O'Delia Diss Debar, the Fox Sisters, Daniel Dunglas Home, Eusapia Palladino, and other con artists of their ilk. The whole nation was excited by Houdini's campaign against fakers. He traveled across the country, offering money for spirit activities he would be unable to duplicate by his use of skilled illusions. It was a heyday not only for Houdini, but for the spiritualists themselves -- and there was an equally famous protagonist who thought the spirits could indeed be contacted, Sir Arthur Conan Doyle. A photo at the start of the book records a meeting between Houdini and Doyle, who is given his own chapter in the book. There's also a full section on Daniel Dunglas Home, the English engineer of spectacular paranormal effects. Houdini saves his sharpest arguments for spiritualists who were giving their (usually paying) clients a vision of the hereafter, and shares the methods used to practice "fake" and sensational spiritualism. Houdini was nothing if not unrelenting. As a taste of things to

come, he ends his introduction with the words: \"Up to the present time everything that I have investigated has been the result of deluded brains,\" though Houdini attests to his own open mind on the topic of the afterlife and recounts his personal attempts to communicate with the dead.

The Right Way to Do Wrong

In 1924 the wife of a Boston surgeon came to embody the raging national debate over Spiritualism, a movement devoted to communication with the dead. Reporters dubbed her the blonde Witch of Lime Street, but she was known to her followers simply as Margery. Her most vocal advocate was Sir Arthur Conan Doyle, who believed so thoroughly in Margery's powers that he urged her to enter a controversial contest, sponsored by *Scientific American*. Her supernatural gifts beguiled four of the judges. There was only one left to convince ... the acclaimed escape artist, Harry Houdini. Jaher captures their electric public rivalry and the competition that brought them into each other's orbit.

REVEALING THE PERSONAL SECRETS OF HARRY HOUDINI WAS HE A CLOSET PSYCHIC? CLAIRVOYANT? OR MEDIUM? HIS LIFE LONG FRIEND SIR AUTHOR CONAN DOYAL INSISTED HE HAD THE EVIDENCE THAT THE WORLD'S GREATEST ESCAPE ARTIST WAS NOT THE SKEPTIC HE MADE HIMSELF OUT TO BE THE CREATOR OF SHERLOCK HOLMES ASKED? --

WAS HOUDINI'S FANATICAL DEBUNKING OF PSYCHICS AND MEDIUMS A SUBTERFUGE TO CONCEAL HIS OWN REMARKABLE PARANORMAL ABILITIES? . . . At his burial some curious and suggestive words were used by the presiding rabbi: -- \"HOUDINI POSSESSED A WONDROUS POWER THAT HE NEVER UNDERSTOOD AND WHICH HE NEVER REVEALED TO ANYONE IN LIFE! . . . The creator of Sherlock Holes, Sir Arthur Conan Doyle, and Harry Houdini were strange bedfellows. Doyle was a contemporary of the world's greatest magician and escape artist, who continually battled his friend over the legitimacy of life after death, and the reality of spiritualism. Doyle was a \"true believer,\" while Houdini made it his \"mission\" to denounce just about all things preternatural. . . -- Doyle was convinced - from what he personally witnessed and what others confided to him - that Houdini could read minds, dematerialize, possessed supernatural strength, and was guided by angelic forces which shielded him from harm even during the most dangerous of escape performances which likely would have caused death to others. . . Doyle stated that Houdini had once remarked, \"There are some of my feats which my own wife does not know the secret of.\" And a famous Chinese conjurer who had seen Houdini perform added, \"This is not a trick, it is a gift.\" Sadly, many of Houdini's feats died with him, even though they would have been an invaluable asset. \"What can cover all these facts,\" states Doyle, \"save that there was some element in his power which was peculiar to himself, that could only point to a psychic element -- in a word, that he was a medium.\" . . . -- Here is both sides of the story -- in the actual words of the famed Sherlock Holmes originator and Houdini himself, who went out of his way to create the impression that fakes and phonies were afoot everywhere in the \"shady world\" of table tapping, levitating trumpets, spirit photography, slate writing, as well as the materialization of ectoplasmic forms in the darkening shadows of the seance room.

Houdini!

Harry Houdini (born Erik Weisz, later Ehrich Weiss or Harry Weiss; March 24, 1874 - October 31, 1926) was an American illusionist and stunt performer, noted for his sensational escape acts. He first attracted notice in vaudeville in the US and then as "Harry Handcuff Houdini" on a tour of Europe, where he challenged police forces to keep him locked up. Soon he extended his repertoire to include chains, ropes slung from skyscrapers, straitjackets under water, and having to escape from and hold his breath inside a sealed milk can. In 1904, thousands watched as he tried to escape from special handcuffs commissioned by London's *Daily Mirror*, keeping them in suspense for an hour. Another stunt saw him buried alive and only just able to claw himself to the surface, emerging in a state of near-breakdown. While many suspected that these escapes were faked, Houdini presented himself as the scourge of fake spiritualists. As President of the Society of American Magicians, he was keen to uphold professional standards and expose fraudulent artists. He was also quick to sue anyone who imitated his escape stunts. Houdini made several movies, but quit acting when it failed to bring in money. He was also a keen aviator, and aimed to become the first man to fly a plane in Australia.

Its wounded hero, the Kid, a fourteen-year-old Tennessean, must confront the extraordinary brutality of the Glanton gang, a murderous cadre on an official mission to scalp Indians. Seeming to preside over this nightmarish world is the diabolical Judge Holden, one of the most unforgettable characters in American fiction. Based on historical events that took place on the Texas-Mexico border in the 1850s, *Blood Meridian* represents a genius vision of the historical West, one whose stature has only grown in the years since its publication.
