

Berhatiah

BERHATIAH

In the Arabic literature, there is the Barhatiah conjuration. The conjuration got its name from the first sacred name in its list of names. Their fame is where any similarity between them ends. The Lesser Banishing Ritual of the Pentagram (LBRP) ritual is a known quantity with a well defined and specific purpose, with a clear historical origin; it is easily translatable, contains mainstream religious names and symbolism, and is suited for beginners in Golden Dawn inspired occultism. The Barhatiah is a conjuration that is shrouded in myth, of unknown origin; it has a multitude of variations, has names that have yet to be properly translated over the span of 800 years, and is useful for a multitude of purposes with promised great effectiveness.

Practical Jinn Magick

Jinn Magick is simple to execute, and the results can be some of the best you will find in all occultism. Much has been written about The Fire Spirits, known as the Jinn (or Djinn), but books of practical Jinn Magick are rare. Hardly any exist, and those that do are often a disappointment. This book reveals a practical method for calling on the Jinn and receiving a response. There are forty-two rituals, and the magick can help with influence and passion or destruction and transformation. The rituals deal with reputation and the souring of love. Some rituals affect competition, uncover flaws, weaken others, improve your discipline or make somebody else burn out. Where you feel stuck, you can find release, and there are ways to create more abundance or make somebody else lose what they have. Rituals can create obsessive thoughts in others and make people see the best in you or the worst in another. They can help you seduce or cause somebody to be sexually disgusted by another person. Financial magick works to increase what you have and can make people appreciate your work or make others lose what money they have. There's great potential if you use your imagination. The magick can be subtle and delicate or life-changing and devastating, according to your wish. Most of the rituals can be modified and are directed at clear, practical results. The Jinn are neither angels or demons, but fire spirits, and they execute your magickal wishes with immense power. The magick may only work half the time, but when it does, it works with alarming intensity. The book is expensive, but that's because there's decades of research in here and these secrets should not be given to those who don't value them. Pay a fair price, do the work well, and you will get what you want.

Magic That Works

The possibilities are endless for those who discover real, authentic magic that can transform their lives as never before. "Magic That Works" presents practical magic techniques based on sources more than 1,000 years old. The same tradition that gave readers the Jinni in the Lamp and the Flying Carpet offers magic that works for our modern times.

Drawing Spirit

A pioneering interdisciplinary study of the art, production and social functions of Late Antique ritual artefacts. Utilising case studies from the Graeco-Egyptian magical papyri and the Heidelberg archive it establishes new approaches, provides a holistic understanding of the multi-sensory aspects of ritual practice, and explores the transmission of knowledge traditions across faiths.

Magic and Divination in Early Islam

Magic and divination in early Islam encompassed a wide range of practices, including belief in jinn, warding off the evil eye, the production of amulets and other magical equipment, conjuring, wonder-working, dream interpretation, predicting the weather, casting lots, astrology, and physiognomy. The ten studies here are concerned with the pre-Islamic antecedents of such practices, and with the theory of magic in healing, the nature and use of amulets and their decipherment, the arts of astrometeorology and geomancy, the refutation of astrology, and the role of the astrologer in society. Some of the studies are highly illustrated, some long out of print, some revised or composed for this volume, and one translated into English for the first time. These fundamental investigations, together with the introductory bibliographic essay, are intended as a guide to the concepts, terminology, and basic scholarly literature of an important, but often overlooked, aspect of classical Islamic culture.

Ibn al-Haytham

Of all the countries in the world, England has the richest history of magical lore and practice. English authors such as J.R.R. Tolkien, C.S. Lewis, Terry Pratchett, and J.K. Rowling, dominate the world of magic in fiction, but from the earliest times, England has also acted as home to generations of eccentrics and scholars who have researched and explored every conceivable kind of occult art. Most people are torn between a fascination with magic and an almost instinctive fear of the occult, of a world redolent with superstition and illusion. And yet more people now practice magic in England than at any time in her history. The Book of English Magic explores this hidden story, from its first stirrings to our present-day fascination with all things magical. Along the way readers are offered a rich menu of magical things to do and places to visit.

The Book of English Magic

Fifty years and one billion dollars in gross box-office receipts after the initial release of *The Godfather*, Francis Ford Coppola's masterful trilogy continues to fascinate viewers old and new. *The Godfather Effect* skillfully analyzes the reasons behind this ongoing global phenomenon. Packed with behind-the-scenes anecdotes from all three *Godfather* films, Tom Santopietro explores the historical origins of the Mob and why they thrived in America, how Italian-Americans are portrayed in the media, and how a saga of murderous gangsters captivated audiences around the globe. Laced with stories about Brando, Pacino, and Sinatra, and interwoven with a funny and poignant memoir about the author's own experiences growing up with an Italian name in an Anglo world of private schools and country clubs, *The Godfather Effect* is a book for film lovers, observers of American life, and Italians of all nationalities.

The Godfather Effect

The Sun of Knowledge (Shams al-Ma'arif) is one of the most revered historical grimoires of the Arabic corpus. Feared by some, hallowed by others, it is one of the most famous - or infamous - books in the Arabic-speaking and Islamic world. Written in Egypt in the thirteenth century by a Sufi mystic and mage of Algerian origin, the Shams presents the fundamentals of Arabic-Islamic occult work - from spiritual cosmology and astrology (including various particularly lunar magics) to working with spirits and jinn, magical employment of letters and numbers, and the occult applications of the Qur'an - thereby comprising a veritable encyclopedia of Islamic magical wisdom and formulae. Images and descriptions of amulets and talismans adorn it. Numerous beautiful manuscripts of the Sun of Knowledge have survived, various of which have been used as a basis for this present work. Never before published in English, this selected translation includes sections of the Sun of Knowledge on the mysteries of the letters, astrological timings, lunar mansions, the ancient Arab beliefs surrounding the stars, planetary matters, astronomy, the angels for and workings pertaining to the four seasons, summoning the jinn, the employment of the names of God for many and varied purposes, the construction of the famed ring of Solomon, and a miscellany of tried-and-true talismans. This selected translation takes a general approach to a much vaster text, and features illustrations, original artwork, and commentary to assist those unfamiliar with Islamic magic and culture. This edition is also ideal for any student of magic or the occult, classical Arabic astrology and astronomy, Islamic

esotericism, or Sufism.

The Sun of Knowledge (Shams Al-Ma'arif)

Forbidden Rites consists of an edition of one of the most interesting and important manuscripts of medieval magic that has yet come to light. In addition to the Latin text, Kieckhefer provides full commentary, including detailed analysis of the text and its contents, discussion of the historical context, translation of representative sections, and comparison with other necromantic texts of the late Middle Ages.

Forbidden Rites

What is a grimoire? The word has a familiar ring to many people, particularly as a consequence of such popular television dramas as *Buffy the Vampire Slayer* and *Charmed*. But few people are sure exactly what it means. Put simply, grimoires are books of spells that were first recorded in the Ancient Middle East and which have developed and spread across much of the Western Hemisphere and beyond over the ensuing millennia. At their most benign, they contain charms and remedies for natural and supernatural ailments and advice on contacting spirits to help find treasures and protect from evil. But at their most sinister they provide instructions on how to manipulate people for corrupt purposes and, worst of all, to call up and make a pact with the Devil. Both types have proven remarkably resilient and adaptable and retain much of their relevance and fascination to this day. But the grimoire represents much more than just magic. To understand the history of grimoires is to understand the spread of Christianity, the development of early science, the cultural influence of the print revolution, the growth of literacy, the impact of colonialism, and the expansion of western cultures across the oceans. As this book richly demonstrates, the history of grimoires illuminates many of the most important developments in European history over the last two thousand years.

Grimoires

Taken from the archives of the author's manuscript collection and from the manuscripts preserved in Egyptian libraries, this book will assist practitioners of witchcraft, sorcery, practical magic, voodoo, and other spell-based arts to "find inspiration and techniques to take them to the next level of causing reality to conform to their will"-- P. [4] of cover.

Red Magick

This oracle volume contains ancient wisdom and will provide the answers to all your questions. This runic magic book was first published in 1919. John Le Breton's divination volume gives everyone easy access to fortune-telling magic, and will assist the reader in discovering the answers to any questions they pose using the Table of Jupiter.

The White-Magic Book

In premodern Moroccan Sufism, sainthood involved not only a closeness to the Divine presence (walaya) but also the exercise of worldly authority (wilaya). The Moroccan Jazuliyya Sufi order used the doctrine that the saint was a "substitute of the prophets" and personification of a universal "Muhammadan Reality" to justify nearly one hundred years of Sufi involvement in Moroccan political life, which led to the creation of the sharifian state. This book presents a systematic history of Moroccan Sufism through the fifteenth and sixteenth centuries C.E. and a comprehensive study of Moroccan Sufi doctrine, focusing on the concept of sainthood. Vincent J. Cornell engages in a sociohistorical analysis of Sufi institutions, a critical examination of hagiography as a source for history, a study of the Sufi model of sainthood in relation to social and political life, and a sociological analysis of more than three hundred biographies of saints. He concludes by identifying eight indigenous ideal types of saint that are linked to specific forms of authority. Taken together,

they define sainthood as a socioreligious institution in Morocco.

Realm of the Saint

NATIONAL BESTSELLER • Two Egypt experts posit a revolutionary theory: The Sphinx and other great Egyptian monuments are older than common history books tell us and are arranged in such a way as to send us a message from the silent past. Guardian of the ancient mysteries, the keeper of secrets . . . For thousands of years the Great Sphinx of Egypt has gazed toward the east, its eyes focused on eternity, reading a message in the stars that mankind has long forgotten. And today as our civilization stands poised at the end of a great cycle, it is a message that beckons insistently to be understood. All the clues are in place. Geology and archeo-astronomy have already indicated that the lion-bodied Sphinx may be vastly older than Egyptologists currently believe, dating not from 2500 B.C., but from 10,500 B.C.—the beginning of the astrological Age of Leo. And we now know that the three pyramids of Giza, standing on high ground half a mile to the west of the Sphinx, are in fact a precise map of the three stars of Orion's belt, formed in fifteen million tons of solid stone. Are these monuments trying to tell us something? And, if so, what? In *The Message of the Sphinx*, Robert Bauval and Graham Hancock present a tour de force of historical and scientific detective work that unravels the millennial code embodied in these structures. Using sophisticated computer simulations of ancient skies, they unravel the riddle of the Sphinx, and they present a startling new theory concerning the enigmatic Pyramid Texts and other archaic Egyptian scriptures. Their discoveries lead the authors to this question: Does mankind have a rendezvous with destiny—a rendezvous not in the future, but in the distant past, at a precise place and time? The secrets can be kept no longer. *The Message of the Sphinx* brings them to light.

The Message of the Sphinx

Police are called to a murder scene in Fulham. They find a dead body - but no evidence of murder...Two detectives struggle to find out the truth of the matter. But when a mysterious old man claims that the victim was killed by a Satanist, little do they realise their lives will be changed forever...The first book in the Magus trilogy. Suitable for adult readers.

The Magus

The first and only Druidic book of spells, rituals, and practice. The *Druid Magic Handbook* is the first manual of magical practice in Druidry, one of the fastest growing branches of the Pagan movement. The book breaks new ground, teaching Druids how to practice ritual magic for practical and spiritual goals within their own tradition. What sets *The Druid Magic Handbook* apart is that it does not require the reader to use a particular pantheon or set of symbols. Although it presents one drawn from Welsh Druid tradition, it also shows the reader how to adapt rites and other practices to fit the deities and symbols most meaningful to them. This cutting edge system of ritual magic can be used by Druids, Pagans, Christians, and Thelemites alike! This is the first manual of Druidic magical practice ever, replete with spell work and rituals.

The Druid Magic Handbook

Within the pages of this book lies one of the most powerful mandalas of the Western Mystery Tradition. For the first time in English, Nineveh Shadrach has lifted the veil on a magic square whose properties astonished Magi of an age long past. They hid this square from the uninitiated with arcane terms such as the red sulfur and great elixir. They attributed its power to the rise of figures such as Alexander the Great. For hundreds of years advanced adepts of Western Occultism had no inkling of the existence of such a powerful magical artifact. Now you do. You'll expand your knowledge of authentic ancient sacred magic when you get: a) A partial translation of an ancient manuscript, revealing some of its secrets b) The blueprint for constructing this mandala of power to awaken its energy in your life c) Advanced teachings of esoteric numerology that shed light on its mysteries d) Ten additional variations, each designed to fully manifest the spiritual power of

the emanations of the Tree of Life. This book is not for beginners or for those looking for quick fix spells. Anyone who has dug in hidden places in search of secret knowledge that can change lives will find a master key inside. All that is left is for you to use that key and unleash the ancient power of kings.

Magic Squares and Tree of Life

We live in a time of engineered intimacy, toxic memes and online addiction. Can we ever break free?

Sad by Design

Trithemius is best known for his hidden writing- the infamous Steganographia, but his other works, including this short grimoire on the use of crystals in summoning celestial spirits, are no less potent. Through the use of a simple wand, pedestal, lamen, and a polished and clear crystal, Trithemius states that it is possible to manifest and converse with celestial forces and to constrain them through the use of simple invocation and prayer.

The Art of Drawing Spirits Into Crystals

Now back in print after 25 years: A small but unusually exhaustive collection of magical texts from some of the most important ancient Egyptian manuals and stelae, translated and organized by the renowned Dutch Egyptologist J.F. Borghouts.

Ancient Egyptian Magical Texts

Your youth will definitely leave you, and if you do not remain within the sphere of the licit, it will be lost, and rather than its pleasures, it will bring you calamities and suffering in this world, in the grave, and in the Hereafter. But if, with Islamic training, you spend the bounty of your youth as thanks in uprightness and obedience, it will in effect remain perpetually and will be the cause of gaining eternal youth. If you want the pleasure and enjoyment of life, give life to your life through belief, and adorn it with religious duties. And preserve it by abstaining from sins.

Guide for Youth

A comprehensive guide to practicing the magic of the Qabbalah • Spells for everyday problems related to health, love, prosperity, and protection • Rituals for advanced high-level magic, such as invocation of angelic powers or spiritual vision • Explains how to make and design talismans, amulets, and magic bowls, including harnessing the power of Hebrew letters in their designs • Details the magical uses of 150 psalms The Qabbalah--the Jewish esoteric tradition--is richly woven with magical practices, from amulets and magic bowls to invocations and magical use of psalms. In this comprehensive and practical guide to Qabbalistic magic, Salomo Baal-Shem explains how to authentically perform rituals from the Qabbalistic tradition. The spells and rituals included range from basic “everyday” magic for health, prosperity, love, protection, and prophetic dreams to advanced high-level magic such as invoking the highest angelic powers or creating an astral life-form, or Golem. Revealing the occult teachings of the 4th-century Book of the Mysteries, the magical uses of 150 psalms, and how to harness the power of Hebrew letters in talisman designs, the author also shows you how to contact the Maggid, or Divine inner teacher, or attain the spiritual vision of the Merkabah. A thoroughly accessible guide to the magic of the Qabbalah, this book also covers the underlying spiritual principles and history of these powerful magical practices.

Historia Religionum, Volume 2 Religions of the Present

Perhaps it is well for me to explain that the subject-matter of the papers published in this book has not been

philosophically treated, nor has it been approached from the scholar's point of view. The writer has been brought up in a family where texts of the Upanishads are used in daily worship; and he has had before him the example of his father, who lived his long life in the closest communion with God, while not neglecting his duties to the world, or allowing his keen interest in all human affairs to suffer any abatement. So in these papers, it may be hoped, western readers will have an opportunity of coming into touch with the ancient spirit of India as revealed in our sacred texts and manifested in the life of to-day. (Author's Preface)

Science, Tools & Magic

This vintage book was published in 1912 by the Yogi Publication Society. Purporting to be based on ancient Hermeticism, it presents seven all-encompassing principles: Mentalism, Correspondence, Vibration, Polarity, Rhythm, Cause and Effect, and Gender. A fascinating volume that claims to appear in one's life only when its teachings are required, \"The Kybalion\" constitutes a must-have for those with an interest in Hermeticism. Contents include: \"The Hermetic Philosophy\"

Qabbalistic Magic

A vast reconstruction of the knowledge of the ancient Jewish priest-scientists, with vital implications for contemporary spirituality and science. • Reveals an ancient science that used geometry, sound, and number to link the finite world of human experience with the infinite realm of the divine. • Uses teachings extending back thousands of years to explicate key concepts of quantum physics and quantum cosmology. For centuries the Kabbalah has fascinated devotees of mysticism while its origins have remained obscure. Now, in her brilliant new work, Leonora Leet reveals that the Kabbalah was the product of a sophisticated, though largely forgotten, Hebraic sacred science that was the rival of any in Egypt or Greece. Not only does Leet reconstruct the secret teachings of the priest-scientists of the Hebrew temple, she also shows them to be the key to understanding both biblical and kabbalistic cosmology. Unlike previous purely historical explorations of the Jewish esoteric tradition, The Secret Doctrine of the Kabbalah resurrects this ancient body of knowledge to reveal eternal truths that can have a profound and positive impact on contemporary spirituality. New experimental methods of practicing Hebraic sacred science are explored that explain as never before the meaning of the central cosmological diagram of the entire Western esoteric tradition--the kabbalistic Tree of Life. Leet shows that the Kabbalah and its central diagram enshrine a key to the purpose of the cosmos, a key that has vast implications for modern physics and cosmology. In a final synthesis, she envisions a culmination in which the universe and its divine child, perfected humanity, achieve that unification of the finite and infinite which has ever been the secret doctrine of the Kabbalah.

Sadhana

Kabbalists state that there is no reality at all, but something called His Essence, the Upper Force, and this is what we perceive as our world. As uncanny as it sounds, this notion hides in its wings the very prospect of freedom, for every person, for every nation, and for the entire world. The structure and the perception of reality are the surface of this book. But the story of humanity, or more accurately, of the human soul, is the undercurrent that drives the reader forward in this book. It is about you, about me, about all of us. This book is about the way we were, the way we are, the way we will be, and most importantly, it is about the best way to get there. In this neatly structured composition, every part speaks of a different aspect of Kabbalah. It starts with our perception of reality, our perception of the Creator, and the evolution of our soul in the spiritual worlds (including explanatory drawings). The book also clears up misconceptions about Kabbalah and explains, in plain words, how to experience the spiritual realm of our lives.

The Kybalion - A Study of the Hermetic Philosophy of Ancient Egypt and Greece

\"The Handbook of Islamic Sects and Movements offers a multinational study of Islam, its variants, influences, and neighbouring movements, from a multidisciplinary range of scholars. These chapters

highlight the diversity of Islam, especially in its contemporary manifestations, as a religion of many communities, theologies, and ideologies. Over five sections-on Sunni, Shia, Sufi, fundamentalist, and fringe Islamic movements-the authors provide historical overviews, analyses, and in-depth studies of large and small Islamic and related groups from all around the world. The contents of this volume will be of interest to both newcomers to the study of Islam and established scholars of religion who wish to engage with the dynamic label of Islam and the many impactful movements of the Islamic world\"--

Historia Religionum: Religions of the past

The Imam, the Divine Guide, is the central point around which the Shi'ite religion turns. The power of Shi'ism comes from the actions of the Imam. This title is reserved exclusively for the successors of the prophets in their mission. The author shows that from the beginning of Shi'ite Islam until the tenth century, the Imam was primarily a master of knowledge with supernatural powers, not a jurist theologian. The Imam is the threshold through which God and the creatures communicate. He is thus a cosmic necessity, the key and the center of the universal economy of the sacred. The author presents Shi'ism as a religion founded on double dimensions where the role of the leader remains constantly central: perpetual initiation into divine secrets and continued confrontation with anti-initiation forces. Without esotericism, exotericism loses its meaning. Early Imamism is an esoteric doctrine. Historically, then, at the beginning of esotericism in Islam, we find an initiatory, mystical, and occultist doctrine. This is the first book to systematically explore the immense literature attributed to the Imams themselves in order to recover the authentic original vision. It restores an essential source of esotericism in the world of Islam.

The Secret Doctrine of the Kabbalah

Learn the innermost secrets of the holiest name of God and how you can use the secrets for magic, personal development, and spirituality, when you get Tetragrammaton by Donald Tyson. In Ceremonial Magic and Jewish tradition, the \"Tetragrammaton\" is composed of four Hebrew letters and is the occult key that unlocks the meaning behind astrology, the Tarot, the mysteries of the Jewish Bible, the Kabbalah, the Enochian magic of John Dee, and much more. In Tetragrammaton, Tyson shows that it is nothing less than the archetypal blueprint of creation, the basis for such fundamental forms as the DNA double helix and the binary language of modern computers. Never before has such explicit information about this name of God been revealed. Now you will learn: The complete history of the Tetragrammaton, including its meaning and use in the kabbalah The correct vibration of the name to evoke its power, and the use of the commanding voice The ancient lost methods of divination by Urim and Thummim The role of the Tetragrammaton in empowering the magical ring of King Solomon New English versions of the Enochian Keys The real meaning behind the collection of twelve stones from the River Jordan by representatives of the twelve tribes of Israel An entirely new order of Banner angels In the past, the use of the Tetragrammaton has been hinted at only in obscure religious and alchemical emblems. Now, for the first time, its true structure is laid bare in a clear and unambiguous manner, allowing this potent key to open astounding vistas of understanding. Tetragrammaton is a book for Kabbalists, ritual occultists, and anyone fascinated by the magic of the Bible. If you want to understand the deepest secrets of God, get Tetragrammaton.

The Path of Kabbalah

The power of The 72 Names of God operates strictly on a soul level, not a physical one. It's about spirituality, not religiosity. Instead of being limited by the differences that divide people, the wisdom of the Names transcends humanity's age-old quarrels and belief systems to deal with one common bond that unifies all people and nations as one -- the human soul.

Handbook of Islamic Sects and Movements

The Science of Kabbalah (Pticha) is the first in a series of texts that Rav Michael Laitman, Kabbalist and

scientist, designed to introduce readers to the special language and terminology of the Kabbalah. Here, Rav Laitman reveals authentic Kabbalah in a manner that is both rational and mature. Readers are gradually led to an understanding of the logical design of the Universe and the life whose home it is. The Science of Kabbalah, a revolutionary work that is unmatched in its clarity, depth, and appeal to the intellect, will enable readers to approach the more technical works of Baal HaSulam (Rabbi Yehuda Ashlag), such as Talmud Eser Sefirot and Zohar. Although scientists and philosophers will delight in its illumination, laymen will also enjoy the satisfying answers to the riddles of life that only authentic Kabbalah provides. Now, travel through the pages and prepare for an astonishing journey into the 'Upper Worlds' Kabbalah Books aims to follow what Baal HaSulam directed, that redeeming the world from its plights depends solely on disseminating the correction method, as he wrote \"We are in a generation that is standing at the very threshold of redemption, if we will only know how to spread the wisdom of the hidden in the masses.\" We do know one way of doing this through sharing our Kabbalah books with the world. We aim to pursue every avenue to spread this wisdom as widely as possible. Hard copies of books make the wisdom of Kabbalah available to even more people. And if you desire, you can help with that by giving the wisdom to others through the books.

Cyclopaedia of Biblical, Theological, and Ecclesiastical Literature

Take control of your reality with the immense power of Enochian Angels and Demons. Using the secret Words of Power, you can tune this magick to bring whatever results you desire. In some books, you find hundreds of powers that you'll never need. With Universal Magick, you get ten Primary Powers that can be tuned to get whatever you want. You remove all the confusion and find a quick and easy way to get your magickal results. Using beautiful sigils and the ancient Words of Power, you will activate this magick with ease. The ten Primary Powers can be adapted in thousands of ways, and they are: Healing - to heal yourself and others. Corruption - to damage enemies with pain, weakness, misfortune, or disease. Belonging - to forge, maintain, or improve connections between people. Prosperity - to support efforts to attract money. Fortune - to attract good financial luck. Protection - to bring protection to yourself and others. Truth - to see truth, express truth, expose deception, and keep secrets. Transformation - to remove personal flaws or find strength where there was weakness. Decay - to weaken or remove a strength or ability in your enemy. Creation - to imagine the possible and to manifest possibility. In this book, you get a form of Enochian Magick that arose from clues and codes hidden within the old texts. This magick was created to cause change without pain and can be used without fear. You don't have to spend hours hunting through obscure lists to find the exact ritual you need. You can shape a power to work in the way you choose. That makes this much easier than most magick. You will discover: Clear instructions on exactly what to do. Solutions to every possible challenge. A system that can be as general or specific as you like. The secret Words of Power for safe Enochian Magick. Powerful effects without any equipment. Magick that brings fast results and long-term solutions. Rituals to change your life, or affect other people. Stunning Enochian sigils that were secret until now. Prepared over many years, Universal Magick focuses on the practical knowledge you need, with just enough background material for you to understand what's happening. If you want magick that works, open the book and get started.
