The Prairie Homestead Cookbook

Fascinating biography of a 19th-century celebrity chef Rarely has a man defined the spirit of an age as well as Alexis Soyer: celebrity chef, best-selling author, entrepreneur, inventor, philanthropist and Crimean war hero. Soyer built the world famous kitchens of London's Reform Club - which he filled with such ingenious inventions as the gas stove and steam lifts. He set up the most innovative culinary theme park ever seen in the capital, and devised the sauces and relishes that would make household names of Mr Crosse and Mr Blackwell. In the 1840s he set up revolutionary soup kitchens during the Irish potato famine, and in the following decade risked his life by travelling to the Russian peninsula to reform army catering for the troops - saving thousands of soldiers from the effects of malnutrition. Alexis Soyer was one of the most famous names of the early Victorian age, and his legacy lives on through the radical army reforms his work set in train. He was also, in a similar spirit of the age - a secret womaniser, near bankrupt and alcoholic. Yet this brilliant man, who during his lifetime was more famous than the men he regularly brushed shoulders with - men such as Thackeray, Disraeli, Dickens and Palmerston - dropped completely from public view after his untimely death. His friend Florence Nightingale, never one to praise lightly, wrote that his passing was 'a great disaster' for the nation. Yet despite making several fortunes he died virtually penniless, his personal papers were destroyed, his funeral was a hushed-up affair and today his grave lies neglected and rotting in Kensal Green cemetery. This is the first full length, fully researched biography of Alexis Soyer, which explores the life, career and legacy of one of the most enigmatic and extraordinary figures of the Victorian age.

Food in Jars

Alexis Soyer (1810-1858) was a working-class Frenchman from an unremarkable town north-west of Paris, but his exceptional cooking skills and ebullient personality turned him into Britain's first true celebrity chef. He was the first to publish a succession of best-selling cookbooks - one selling more than a quarter of a million copies, an extraordinary figure for the mid-nineteenth century. He was also the first to produce branded merchandise, including a remarkably ingenious stove that fitted in the pocket and bottled sauces decorated with his recognisable portrait. Ahead of his time, he nurtured a flamboyant public profile through a combination of brilliant self-publicity and shameless press manipulation. But his life's purpose both came into focus and found its dramatic climax when he renounced his sybaritic lifestyle and elected to travel, for no pay and in the face of real danger, across Europe first to Scutari and later to Balaclava, where thousands of British troops had died of disease and malnutrition during the first long, bitter winter of the Crimean war. One of the first to understand fully the rudiments of good nutrition and mass catering, Soyer had already introduced new principles of large-scale cookery to Ireland during the potato famine of 1847, and he extend his expertise to the British army with spectacular results. Long overlooked by historians, Ruth Cowen vividly recounts the life of a unique personality with a scholarly slice of Victorian history.

Vivian Howard, the star cocreator of PBS's *A CHEF'S LIFE*, celebrates the flavors of North Carolina's coastal plain in more than 200 recipes and stories. Vivian Howard's new classic of American country cooking proves that the food of Deep Run, North Carolina--her home--is as rich as any culinary tradition in the world. Organized by ingredient with dishes suited to every skill level, *Deep Run Roots* features time-honored simple preparations, extraordinary meals from her acclaimed restaurant *Chef and the Farmer*, and recipes that bring the power of tradition to life--along with the pleasure of reinventing it. Home cooks will find photographs for every single dish. As much a storybook as it is a cookbook, *Deep Run Roots* imparts the true tale of Southern food: rooted in family and tradition, yet calling out to the rest of the world. Ten years ago, Vivian's opened *Chef and the Farmer* and put the nearby town of Kinston on the culinary map. But in a town paralyzed by recession, Vivian couldn't hop on every culinary trend. Instead, she focused on rural development: If you grew it, she'd buy it. Inundated by local sweet potatoes, blueberries, shrimp, pork, and beans, Vivian learned to cook the way generations of Southerners before her had, relying on resourcefulness, creativity, and preservation. *Deep Run Roots* is the result of those years of effort to discover the riches of Carolina country cooking. Like *The Fannie Farmer Cookbook*, *The Art of Simple Food*, and *The Taste of Country Cooking* before it, this landmark work of American food writing gives richness and depth to a cuisine that has been overlooked for far too long. Recipes include: -Family favorites like Blueberry BBQ Chicken, Creamed Collard-Stuffed Potatoes, Fried Yams with Five-Spice Maple Bacon Candy, and Country-Style Pork Ribs in Red Curry-Braised Watermelon, -Crowd-pleasers like Butterbean Hummus, Tempura-Fried Okra with Ranch Ice Cream, Pimiento Cheese Grits with Salsa and Pork Rinds, Cool Cucumber Crab Dip, and Oyster Pie, -Show-stopping desserts like Warm Banana Pudding, Peaches and Cream Cake, Spreadable Cheesecake, and Pecan-Chewy Pie, -And 200 more quick breakfasts, weeknight dinners, holiday centerpieces, seasonal preserves, and traditional preparations for cooks of all kinds. -- Interior photographs by Rex Miller. Joanna Weinberg's love affair with cooking began at college. While she survived on pasta ... and more pasta, her sister would call from London with salacious stories of extra virgin olive oil, smoky pancetta and hunks of fresh Parmesan. Inspired, she started cooking for her friends, realising early on that a great meal was about the company as much as the food and that so many cookbooks forgot this most vital of ingredients. Which is how Relish came about. It is full of recipes, of course, arranged in 47 menus for every occasion, from an impromptu kitchen supper to a massive birthday party; from a cosy afternoon tea to a summer barbecue. But much more importantly, it is a reminder of how to nourish friends and friendship, and will delight anyone who, like Joanna, believes that food is love.

More than 130 years from Matthew Arnold's pronouncement that human beings 'must be compelled to relish the sublime', education in the humanities still relies on the ideal of culture as the means of intellectual development. In this distinctive and original work, Martin Ryle and Kate Soper explore the growing tensions and contradictions between this and the contemporary world of work, pleasure, and consumption. While critical of the hypocrisies and elitism that can attach to notions of cultural self-realization, the authors nonetheless defend its overall educational and social value. Their wide-ranging discussion takes in critiques of philosophers from Kant and Schiller to Nietzsche and Marx, and includes historically contextualized readings of novels by Wollstonecraft, Hardy, Gissing, London, and Woolf. In their sustained defense of a conception of personal worth and self-fulfillment for its own sake, Ryle and Soper not only offer a powerful critique of the continuing dominance of work in contemporary society, but also provide a compelling alternative to the standard postmodern skepticism about the relevance of high culture.

“Tyler and his approach to sandwiches are equal parts clever, hilarious, and deeply dirty (in all the right ways). I’m obsessed with the never-ending possibility of what a sandwich can be, and so I’m a supreme fan

girl of everything that Tyler and his crazy mind inserts between these pages and two pieces of bread.” —Christina Tosi Known genius and broccoli savant Tyler Kord is chef-owner of the lauded No. 7 Sub shops in New York. He is also a fabulously neurotic man who directs his energy into ruminations on sandwich philosophy, love, self-loathing, pay phones, getting drunk in the shower, Tom Cruise, food ethics, and what it's like having the names of two different women tattooed on your body. But being a chef means that it's your job to make people happy, and so, to thank you for being there while he works out his issues, he offers you this collection of truly excellent recipes, like roast beef with crispy shallots and smoky French dressing, a mind-blowing mayonnaise that tastes exactly like pho, or so many ways to make vegetables into sandwiches that you may never eat salad again. A Super Upsetting Cookbook About Sandwiches will make you laugh, make you cry, and most of all, make you hungry.
