Get Ready for 2025: Financial Clarity and Alignment with Tiller - Get Ready for 2025: Financial Clarity and Alignment with Tiller 1 hour - Check out this replay of the Get Ready for 2025: Financial Clarity and Alignment webinar. Learn what financial clarity means, how ...

Introduction: The webinar focuses on preparing for 2025 with financial clarity and alignment. Morgan, the new Customer Success Manager, and the host Heather, now a full-time Product Manager, lead the discussion.

Key Topics: Understanding financial clarity, using Tiller for financial confidence, setting up a budget in the Foundation Template, analyzing 2024 data to plan for 2025, and aligning finances with goals and values.

Q\u0026A Format: Participants can ask questions throughout the session, with a dedicated Q\u0026A portion at the end. A recording and resource links will be provided via email.

Defining Financial Clarity: It includes tactical tracking (cash flow, budgeting, debt management) and a broader personal perspective (how money supports well-being and values). Tiller promotes financial clarity as essential for confidence and informed decision-making.

Using Tiller for Clarity: Small actionable steps, like habitually tracking finances, help build financial stability and ensure spending aligns with values.

Demonstration: The webinar showcases the Foundation Template in Google Sheets, emphasizing the Spending Trend sheet for high-level financial tracking. A hidden feature for adjusting spreadsheet space is also revealed.

Budgeting and Planning: Reviewing spending categories, considering value alignment, and making adjustments for unexpected expenses. The Yearly Budget tool helps plan cash flow and set financial goals for 2025.

Setting Up a 2025 Budget: Steps to extend budget data into 2025, including copying January values across months, updating formulas, and ensuring the template accommodates the new year.

Aligning Money with Goals: Participants are encouraged to analyze their spending habits, categorize expenses (e.g., travel, wellness, hobbies), and refine budgets to reflect personal priorities.

Data Management: Discusses whether to start fresh with a new sheet for 2025 or continue in the same one. Recommends archiving old data to improve Google Sheets performance.

Closing: Thanks to attendees, encouragement to apply insights from the session, and a reminder about accessing the webinar recording and resources.
