Hyperbole and a Half

#1 New York Times Bestseller "Funny and smart as hell" (Bill Gates), Allie Brosh's *Hyperbole and a Half* showcases her unique voice, leaping wit, and her ability to capture complex emotions with deceptively simple illustrations. FROM THE PUBLISHER: Every time Allie Brosh posts something new on her hugely popular blog *Hyperbole and a Half* the internet rejoices. This full-color, beautifully illustrated edition features more than fifty percent new content, with ten never-before-seen essays and one wholly revised and expanded piece as well as classics from the website like, "The God of Cake," "Dogs Don't Understand Basic Concepts Like Moving," and her astonishing, "Adventures in Depression," and "Depression Part Two," which have been hailed as some of the most insightful meditations on the disease ever written. Brosh's debut marks the launch of a major new American humorist who will surely make even the biggest scrooge or snob laugh. We dare you not to. FROM THE AUTHOR: This is a book I wrote. Because I wrote it, I had to figure out what to put on the back cover to explain what it is. I tried to write a long, third-person summary that would imply how great the book is and also sound vaguely authoritative—like maybe someone who isn't me wrote it—but I soon discovered that I'm not sneaky enough to pull it off convincingly. So I decided to just make a list of things that are in the book: Pictures Words Stories about things that happened to me Stories about things that happened to other people because of me Eight billion dollars* Stories about dogs The secret to eternal happiness* *These are lies. Perhaps I have underestimated my sneakiness!

In the Time of Dinosaurs (Animorphs Megamorphs #2)

We could blame everything that happened on Marco. He was the one who heard about the downed submarine. He was the one who thought we should check it out. And everyone knows that if Marco's up to a challenge, I'm definitely there. Everything was going fine. Until the explosion. An explosion that blew us millions of years back in time, to the age of dinosaurs. Now Tobias, Cassie, Marco, Ax, Jake and I are fighting for our lives with every step we take. But that's not our biggest problem. Our biggest problem is we have no idea how to get back to our own time ...

All the Presidents

All the Presidents is the latest book of portraits by the artist BoingBoing hailed as "the greatest portrait artist of our time." All the Presidents is indeed what the title indicates, portraits of all 44 United States Presidents, from George Washington to Donald Trump and everyone in between, all rendered in Friedman's celebrated in-your-face style of portraiture. The portraits will be accompanied by vital statistics on each subject (political affiliation as well as height and weight, etc.), as well as fascinating presidential factoids. Friedman's two page comic strip introduction "Drawn to Presidents" opens the book, specifically detailing his fascination with drawing many US presidents throughout his life, from childhood scrawlings of Richard Nixon to illustrations of Ronald Reagan, George H.W. Bush and Bill Clinton for Spy and eventually creating the famed Barack Obama/George Washington mashup inauguration cover for The New Yorker in 2009. The book also features a foreword by NPR's Studio 360 host, Kurt Andersen.

Crunch the Shy Dinosaur

From Cirocco Dunlap (This Book Will Not Be Fun) and Theodor Seuss Geisel Award winner Greg Pizzoli (The Watermelon Seed) comes a charming, giggly read-aloud that illustrates the particular art of making a friend! Crunch is a lovely and quiet brontosaurus who has hidden himself in some shubbery and is rather shy. He would like to play, but it will require some gentle coaxing from you! If you are patient and encouraging, you will find yourself with a new friend! This book is a warm, funny example of how to engage with someone new, who is perhaps a bit different from you. Lessons in friend-making (such as minding personal space and demonstrating interest in another's hobbies) are delivered so subtly that children will absorb them unconsciously as they delight in Crunch's silly hat and dance moves! Cirocco Dunlap (This Book Will Not Be Fun) and Greg Pizzoli (The Watermelon Seed) enchant and surprise us with their first collaboration. A Chicago Public Library Best Book of 2018!

How I Met My Monster

One night, when Ethan reaches under his bed for a toy truck, he finds this note instead: "Monsters! Meet here for final test." Ethan is sure his parents are trying to trick him into staying under the covers, until he sees five colorful sets of eyes blinking at him from beneath the bed. Soon, a colorful parade of quirky, squeaky little monsters compete to become Ethan's monster. But only the little green monster, Gabe, has the perfect blend of stomach-rumbling and snorting needed to get Ethan into bed and keep him there so he falls asleep—which as everyone knows, is the real reason for monsters under beds. With its perfect balance of giggles and shivers, this silly-spooky prequel to the award-winning I Need My Monster and Hey, That's MY Monster! will keep young readers entertained.

The Pixar Theory

"Every Pixar movie is connected. I explain how and possibly why." These are the words that began the detailed essay now known as "The Pixar Theory," which came out way back in 2013. It collected over 10 million views on Jon's blog alone, and was syndicated on BuzzFeed, Mashable, HuffPost, Entertainment Weekly, and more - generating over 100 million impressions and now translated into a dozen languages. Now, these thoughts and ideas first written by Jon Negroni have been fully realized inside this book, aptly named The Pixar Theory. In this book, you'll find an analysis of every single Pixar movie to date and how it tells a hidden story lurking behind these classic movies. You'll learn about how the toys of Toy Story secretly owe their existence to the events of The Incredibles. You'll learn about what truly happened to the civilization of cars from Cars before the events of WALL-E. And of course, you'll find out the possible truth for why "Boo" of Monsters Inc. is the most important Pixar character yet. Welcome to the Pixar Theory. Don't forget to fasten your imagination.

A to Zoo

Whether used for thematic story times, program and curriculum planning, readers' advisory, or collection development, this updated edition of the well-known companion makes finding the right picture books for your library a breeze. Generations of savvy librarians and educators have relied on this detailed subject guide to children's picture books for all aspects of children's services, and this new edition does not disappoint. Covering more than 18,000 books published through 2017, it empowers users to identify current and classic titles on topics ranging from apples to zebras. Organized simply, with a subject guide that categorizes subjects by theme and topic and subject headings arranged alphabetically, this reference applies more than 1,200 intuitive (as opposed to formal catalog) subject terms to children's picture books, making it both a comprehensive and user-friendly resource that is accessible to parents and teachers as well as librarians. It can be used to identify titles to fill in gaps in library collections, to find books on particular topics for young readers, to help teachers locate titles to support lessons, or to design thematic programs and story times. Title and illustrator indexes, in addition to a bibliographic guide arranged alphabetically by author name, further extend access to titles.

The Tantrum Survival Guide

"Most parents of toddlers and preschoolers know a thing or two about tantrums--those epic meltdowns that seem to come out of nowhere. Even though tantrums can be part of \"normal\" toddler behavior, they are maddening, stressful, and exhausting. What can parents do to help everyone step back and calm down? With candor and wit, Rebecca Schrag Hersberg, psychologist and mom of two, explains the science behind why tantrums occur and what parents might unintentionally be doing to encourage them. She offers a customizable plan for nipping blowups in the bud while fostering healthy development and deeper parent-child connections. Imagine family life with equal measures of love and limits--and less drama\"--
