The author of the national bestselling Vampire Earth series presents the fiery fifth book in his epic dragons saga. Scattered across a continent, three dragon siblings are among the last of a dying breed--the final hope for their species' survival. Wistala, sister to the Copper who is now Emperor of the Upper World, has long thought humans the equal of dragons. She leads the Firemaids, fierce female fighting dragons who support the Hominids of Hypatia. Which puts her at odds with both her brothers, for the Copper has no use for the humans he now dominates and AuRon, the rare scale-less grey, would isolate himself and his family from both the world of men and the world of dragons. Imager's Challenge

The Inter City Firm...hard, terrifyingly vicious, brilliantly organised, tremendously feared and highly fashionable. They were the most notorious firm of the Seventies and Eighties football hooligans this country has ever seen. For the first time ever, all the aces of the West Ham firm reveal their memories and thoughts about the violence, the battles, the campaigns, the run-ins with the authorities, and all that came with it. Bestselling author Cass Pennant was one of the best-known figures of the I.C.F. He has used his unique position as a West Ham insider to bring together these first-hand accounts of the men who were at the eye of the storm, both on and of the terraces. These tales from the terraces range from the inflamed East End rivalry with Millwall, to the she-end battles with Chelsea, from aggravation at Anfield's Kop to the disaster in Heysel. These stories unfold against a backdrop of sharp fashion and music, such as The Cockney Rejects and Sham 69 that became the hallmark of the hoolifans.

The Dark

A real-life adventure story, offering a unique and compelling picture of the danger, glamour and psychology of espionage. Raised around the globe by a high-ranking American spymaster, Larry Kolb learned to think, look, and listen like a spy. *Overworld*—his father's term for the powers-that-be—is Larry Kolb's story of his own lifelong interaction with those powers. *Overworld* casts in human terms what it actually means and feels like to be a spy. From the practical to the emotional, it reveals how the world of espionage and covert statecraft actually works, and exposes the dark heart of a life built on betrayals.

Overworld

The path from Europe to Africa has been much traveled in literature but rarely in such an evocative, nuanced, and even playful way as in N.S. Kenings's *Theft*. Here are five seductive tales that move with grace and subtlety between the two continents and reveal with insight and wit that what seem to be very separate worlds are not so far apart after all. In *Pearls to Swine*, a lonely childless socialite invites her American goddaughter to spend the summer in her mansion. In *Wondrous Strange*, a spirit medium is haunted by the ghost of an ancient African djinn. In *Setting Up Shop*, a young Zanzibari woman dreams of traveling to the U.S., even as a local entrepreneur courts her relentlessly, even promising to leave his other wives for her. More praise for *The Blue Taxi*: "The world Kenings has created in her accomplished debut is tragic and exhilarating, as is her portrayal of weary, left-behind colonialists, poverty-stricken natives and the uneasy manner in which each regards the other." -- Publishers Weekly "Kenings skillfully weaves together the stories of individuals from disparate cultures converging in a city that is entering a new era of political independence." -- The New Yorker

Theft

Greatest of spires, the past held within to shape the future... \u200b Divided and coping with loss, the Heroes of Dragon's Nest must learn to carry on in their task to keep their home safe while on separate paths. The grand city of Lorsyn awaits three travelers, while the fourth is compelled to return to those who share her blood, in championing those who carry none of it. Trials await before either endeavor is to be concluded, and a one-time street urchin will have to reconcile with dark days long past, if there's to be hope in the ones to come. Lorsyn is in need of champions to unshackle its people from a gluttonous tyrant, and a Theikour's will may be realized, before the end. But even more forces are at play than any new arrival might suspect, and a great sacrifice may have to be made before either those of elven blood are raised up, or those with foul designs on all of Deyrnas are cast down.

Tower of Memories

Most authors write what they know. Linda Calvey writes what she lived. They grew up with nothing. Just a regular family scraping by, living an honest life while crime ruled the East End. Until all that honesty and all that hard work left them with nothing. Poor, destitute and hungry, young Ruby decides to pull them from the ashes. It starts as one job, one step outside the law. Yet that one step sets her on a path - straight to the top. But in the East End you don't build an empire without making a few enemies . . . Welcome to the underbelly of London, where criminals run the streets and one woman will do anything to protect her family.

How to Be a Vodka Snob

"In Cindy Dees and Bill Flippin's 'The Sleeping King' our intrepid adventurers found the imprisoned echo of a long lost king on the Dream Plane. He told them how to wake him in the mortal realm: find his lost regalia--crown, ring, sword, shield, and bow--and rejoin them with his sleeping body. [Now], in 'The Dreaming Hunt,' the heroes begin their quest. But they've caught the attention of powerful forces determined to stop them. Worse, their visit to the Dream Plane has unleashed chaos, and the fight is spilling over into the mortal realm. They frantically outrun old enemies and pick up new ones: imperial hunters, a secret cabal of mages, a criminal league, and a changeling army. Are they just pawns in larger political dramas, or are they crystallizing into the nucleus of a rebellion? Can they find the regalia necessary to wake the Sleeping King before they are utterly destroyed?"--Provided by publisher.

The Dreaming Hunt

Over forty short stories spanning the career of England's most acclaimed postwar writer—including the iconic "The Loneliness of the Long-Distance Runner." This comprehensive collection of short fiction from bestselling British author Alan Sillitoe mixes aggression with humor, and common working-class men with extraordinary twists of fate. It compiles works selected from the master storyteller's bestselling books, including *The Loneliness of the Long-Distance Runner*; *The Ragman's Daughter*; *Guzman, Go Home*; *Men*,

Women and Children; and The Second Chance. Several previously unpublished works are also included. In the title story from *The Loneliness of the Long-Distance Runner*—which was adapted for film in 1962—a seventeen-year-old inmate in a juvenile detention center must make a difficult life choice. Should he strive to win the national long-distance running competition as everyone is counting on him to do, or should he refuse to vindicate the very system and society that has locked him up? The titular piece from *The Ragman's Daughter* is a lively and poignant narrative about an eighteen-year-old thief named Tony and his new girlfriend, Doris, the seventeen-year-old daughter of a well-to-do scrap dealer. The couple embarks on a wild robbery spree, but after a raid on a shoe shop goes absurdly wrong, Tony ends up behind bars and Doris remains free—but suffers a dark destiny. A standout tale from *Guzman, Go Home*, “Revenge” details the dangerously tumultuous marriage between factory foreman Richard and his ornery wife, Caroline. “Mimic,” from the previously collected *Men, Women and Children*, takes place in the mind of a nameless hero who is locked away in an asylum—a man who uses the art of mimicry to escape reality and avoid being himself. And in “No Name in the Street,” from *The Second Chance*, an ex-miner who ekes out a living collecting social security and hunting for golf balls, moves in with a woman who has indoor plumbing—but his dog refuses to go along with the plan. This essential collection reveals the power and timelessness of Sillitoe’s short fiction. Called “a master of the short story” by the Times, the author portrays the complex ethos and pathos of working-class life.

In fact, just as he’s on the verge of solving a mystery that threatens the MacShea family, Huck is forced into a government-run facility for boys. The Diabolical Miss Hyde

SHORTLISTED for the 2011 Man Booker Prize for Fiction A thrilling and powerful novel about a young boy lured to sea by the promise of adventure and reward, with echoes of *Great Expectations*, *Moby-Dick*, and *The Voyage of the Narwhal*. Jamrach's *Menagerie* tells the story of a nineteenth-century street urchin named Jaffy Brown. Following an incident with an escaped tiger, Jaffy goes to work for Mr. Charles Jamrach, the famed importer of exotic animals, alongside Tim, a good but sometimes spitefully competitive boy. Thus begins a long, close friendship fraught with ambiguity and rivalry. Mr. Jamrach recruits the two boys to capture a fabled dragon during the course of a three-year whaling expedition. Onboard, Jaffy and Tim enjoy the rough brotherhood of sailors and the brutal art of whale hunting. They even succeed in catching the reptilian beast. But when the ship's whaling venture falls short of expectations, the crew begins to regard the dragon—seething with feral power in its cage—as bad luck, a feeling that is cruelly reinforced when a violent storm sinks the ship. Drifting across an increasingly hallucinatory ocean, the survivors, including Jaffy and Tim, are forced to confront their own place in the animal kingdom. Masterfully told, wildly atmospheric, and thundering with tension, Jamrach's *Menagerie* is a truly haunting novel about friendship, sacrifice, and survival.
